Illustrator  
ProTools  
Foley  
Color Correction

## PROFESSIONAL PROFILE

I am a Post Production Engineer with 17 years of experience under my belt. My skill set ranges from sound design and foley to color correction but my biggest strength is film editing. My reel ranges from personal projects to private projects with the benefit of in class hands on experience. I am a positive and creative individual who can work on my own or in groups and have a passion for only presenting the very best work at all times. I always want my current project to be better than my last.
